

# MÖDERE® FACT SHEET

## LIQUID BIOCELL® EQUINE

Pet

### Product Overview

Liquid BioCell® Equine is a cutting-edge nutraceutical designed to provide healthy joint support for horses of all breeds. Exclusively formulated with Collagen/HA Matrix® Technology in our advanced liquid delivery system, Equine helps maintain the function of your horse's joints and mobility while promoting a healthy-looking coat.

### Product Benefits

- Supports joint mobility and lubrication
- Helps maintain joint function
- Maintains healthy skin and coat

### Product Details

Shouldn't your horse enjoy the benefits of Liquid BioCell® too? Formulated with Collagen/HA Matrix® Technology, Liquid BioCell Equine is specially designed to help maintain joint function, mobility and support normal daily exercise. The advanced liquid delivery system also helps promote the appearance of a healthy coat.

Our innovative Liquid BioCell® has been recognized for its benefits in humans, receiving multiple industry awards and 7 U.S. and international patents. Awards include Best Bone & Joint Health Ingredient by Frost & Sullivan and, again, by SupplySide West.

### Directions/Usage

Administer once daily as a supplement for horses. Can be given during or after meal time. Pour product into cap and measure the appropriate serving based on the chart below.

### Key Ingredients

- Liquid BioCell®

#### Product Facts

**Active Ingredients per 30 mL:**

Hydrolyzed Chicken Collagen  
(from chicken sternum cartilage extract) ..... 7 g

**Inactive Ingredients:**

Natural maple flavor, fructose, malic acid,  
potassium sorbate (preservative), water

**Cautions:** Safe use in pregnant animals or animals intended for breeding has not been proven. If lameness worsens, discontinue use and contact your veterinarian. Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset.

For use in horses only. Recommended to support healthy joints & skin.

Manufactured by Modere, Inc.
